Please note: These images are not life-sized, but they are comparable to each other. So you can see that the Bite Saber is the longest for example. For actual measurements, please visit us online. For reference, in real life, the Smiley Face pendant is just under 2 inches (5 cm) in diameter.

Options for everyone! Styles for both boys and girls, kids and adults. Whether you prefer smooth or textured, soft & chewy or firm & fairly rigid, chewing with your front teeth or with your back molars - we've got you covered. First row from left to right: ARK's Krypto-Bite™ (Gem), Pizza, Chew Dude™, Chew Tags. Second Row: ARK's Brick Stick™ (Textured), Smiley Face, Dino-Bite™, Arrowhead, Best Friends, Brick Stick™ (Smooth). Third Row: ARK's Basketball, Dino-Tracks™, Diamond, Saber Tooth, Chewmoji™, Super Star, Bite Saber™. Fourth Row: ARK's Pirate Coin, Ring, Spider Bite™, Ninja Star, Krypto-Bite™ (Tube).
